

DESIGNING YOUR CAKE

We look forward to working with you in customizing your cake to your specifications. Your life's special events are important, and as such, your cake should be extraordinary. We can decorate any size of our specialty layer cakes or build a custom cake as you wish! If you are looking for something you do not see, please don't hesitate to ask. We enjoy being creative and encourage you to do the same. Thanks for asking us to be a part of your special event.

PLACING A CAKE ORDER

We take great pride and time in preparing these individual cakes from scratch. Therefore, we must carefully limit the number of commitments we accept. To ensure that we can properly prepare your special cake, please contact us well in advance of your event (at least five days for smaller orders, up to one month for larger orders) to assure that your call/email can be returned by a manager and that your order can be confirmed and placed. Submit your cake order by email and we will confirm your order within 48 hours.
